Message from the President

Dear students,

Manipal University Jaipur is not just an institution offering world-class education across the globe but also a pioneer paving the way for industry-focused education to boost the employability, earning potential, and self-confidence of the youth.

Today, in a world that is being reshaped by technology and evolving customer expectations, businesses are looking for leaders that are both ambitious and skilled to succeed in this environment. At Manipal, all our programmes are designed around the theme of strategic leadership and innovation to endow you with the most relevant skills for success in Industry 4.0.

With nine universities in five countries, we take pride in grooming young men and women into the business leaders of tomorrow. We are also extremely proud of being one of the principal architects of industry-focused education that has helped our students land enviable jobs in top firms across the world.

Our online learning management programmes are poised to deepen your understanding of modern businesses. They will also instil in you a spirit of innovation, entrepreneurship and hustle. Designed as per the University Grants Commission (UGC) regulations, our online degrees are designed to prepare you for the changing business landscape in the background of all the latest developments.

We look forward to welcoming you aboard.

Here's wishing you all the very best for a bright future.

Dr. GK Prabhu,
President, Manipal University Jaipur

Why Online Degrees

Flexible: Students can choose to learn at their convenience. They can rise early, go to bed late, study in long bursts or short ones, use their commute to revise – as per their schedule and lifestyle.

Modern: Study material, discussions, assessments, and doubt clearance are all online, broken down into small, easily learnable sets.

High Quality: Get access to leading industry experts and faculty members, without having to leave your town. All delivered through a best-in-class learning platform.

Cost-effective: No need to leave jobs and forego earnings for higher education. Fees are considerably lower for online programmes than equivalent on-campus programmes and inclusive of all study material.

Recognised: Online degrees are now recognised by the government, higher education authorities, and corporates as certificates of quality learning.
